THE LONG ROAD TO GETTING ON THE SHORT LIST

We go to great lengths checking out financial products and services to meet your needs.

**PEER
REVIEWED**
— by HFMA* —

Before you buy financial products and services you spend a lot of time checking them out. Do they deliver what they promise? Will it take a lot of work to install them and train your staff? How's the customer service? Will the product meet your requirements from day one?

You go to great lengths to find products and services that best meet your organization's needs—and so do we.

That's why we established **HFMA Peer Reviewed Products and Services**.

Every product labeled Peer Reviewed has been through HFMA's rigorous eleven-step review process. HFMA staff and a panel of healthcare professionals review them. They check with current customers to see if they're satisfied. They talk to people who decided not to buy, to find out why.

They evaluate and measure:

- **Effectiveness** improves your process or productivity
- **Quality and Usability** maintains a reputation for integrity
- **Accuracy and Reliability** draws on practical industry knowledge and experience
- **Value** proves compatible with HFMA values
- **Customer Service and Technical Support** addresses your needs quickly and effectively

Only those that earn a “superior” grade get to use the label Peer Reviewed. We check back with users regularly to make sure they still deserve it.

Look for the HFMA Peer Reviewed label to find outstanding financial products and services that can help you deliver savings and improve performance. We’ve established a Short List of Peer Reviewed companies that have met this very high standard. The list can be found at hfma.org/peerreview.

About HFMA

The Healthcare Financial Management Association (HFMA) provides the resources healthcare organizations need to achieve sound fiscal health in order to provide excellent patient care. With more than 40,000 members, HFMA is the nation's leading membership organization of healthcare finance executives and leaders. HFMA helps its members achieve results by providing education, analysis, and guidance, and creating practical tools and solutions that optimize financial management. The organization is a respected and innovative thought leader on top trends and challenges facing the healthcare finance industry. From addressing capital access to improved patient care to technology advancement, HFMA is the indispensable resource for healthcare finance.
