Health care is undergoing a fundamental reorientation around quality and cost effectiveness. Enormous challenges, major opportunities, intense scrutiny, and daily pressures are the new reality. You shouldn’t do this alone. Stay informed on the latest developments and connect with those who are setting the pace.

Things are changing too quickly to get by on what you “already know.” Whether you are a seasoned professional or a newcomer to healthcare finance, HFMA resources—developed by and for healthcare leaders—help you keep up with new developments, build your skills, improve your organization’s performance, and advance in your career.

This is no time to sit on the sidelines. HFMA helps finance, clinical, and operations leaders improve the business of caring. And we bring the insights of our members to the broader public debate about cost and value in health care.

See what’s happening in your chapter. Read HFMA’s Mission to Manage the Uninsured tool, an informative way to get up to speed on healthcare issues of the day. Help reshape the future of health care. Join HFMA as it leads the drive for value—the fundamental reorientation of the healthcare system around quality and cost effectiveness. Keep in the loop with research reports, blog posts, webinars; plus HFMA’s Newsletters; and other HFMA events, articles, webinars, and other resources.

Things are changing too quickly to get by on what you “already know.” HFMA membership provides the insights you need to succeed.

Three ways to join

1. Visit our website at hfma.org/join to apply online.
