

COHFMA January Newsletter Student Committee

Mission: "The Student Leadership Committee of Central Ohio Chapter of HFMA commits to develop and engage students of future healthcare financial professions, collaborate with local colleges and universities, and support the overall chapter's mission"

Certified Revenue Cycle Representative (CRCR)

This certification really helped me to put together prior knowledge and course work. It focuses on the patient-centric revenue cycle by going through the major steps of a patient's account process and reviews financial care, pre, point-of, and post service. It provided me with a lot of new knowledge that will further my education and career.

Have any questions?

Name: Veronica Roth

Major: Health Information Management

School: Ohio State University

Email: roth.542@osu.edu

Tip of the month

When talking with a new graduate about a position placement or referral, the key points important to me are:

Interest in life-long learning and LEARN from everything:

This does not have to be formal education, but expressing the want and will to learn is significant. Mainly, pay attention, read as much as you can, listen, and build relationships by assisting with potential solution ideas or just be a sounding board for brainstorming.

--Lauree Handlon

Virtual Happy Hour!

Feb 4

6 PM

From the comfort of your couch or desk, log on to meet the Student Leadership Committee and the rest of the student members!

Communication on how to attend will be sent out via survey to current members. If you are not a member, reach out to snyder.1569@osu.edu.
