

Company Profile

The SSI Group, Inc. is a national healthcare I.T. company that serves 2,400 plus customers. Utilizing ClickON[®] Technology, which contains over 200,000 built-in edits, SSI leads the field in claims/management technology, EDI platforms and networking. SSI maintains over 1,200 payer connections and processes 311 million transactions annually.

Peer Reviewed Product or Service

ClickON[®] Billing – ClickON[®] Billing is a medical claims management solution that facilitates the electronic editing, validation and transmission of institutional and professional claims. SSI provides edits at the HIPAA, payer and provider levels. The technology allows providers to edit claims using locally installed software or by an Application Service Provider (ASP). Claims can be submitted directly to payers or be routed through SSI's nationally recognized clearinghouse. SSI is the first organization to be certified as a CAQH/CORE vendor and clearinghouse. CLARED, EHNAC and SAS70 have also certified SSI's Data Center.

Session Titles

- New Claims Paradigms -- "Encounter Based Editing"
 - Comprehensive Edits Pre-Claim. This presentation is intended to educate the provider community regarding how "Encounter Based" editing can successfully achieve the highest claims validation rates through edit and data synchronization.
- The Benefit of the Claim Status Transaction (276/277)
 - eliminate the denial & increase cash flow
 - improve follow up processes
