

*Only 1/3 of the nation's hospital leaders believe DRG optimization is a solved problem**

While current technology solutions identify many coding issues, we've proven there is still room to optimize revenue potential.

BESLER combines best-in-class healthcare finance expertise with proprietary technology to help hospitals improve revenue integrity. Our dedicated service team pinpoints opportunities to optimize DRGs, enhancing revenue capture while lowering compliance risks.

No costly software implementations.

No learning curves.

No hassles.

Only results.

*Smart about revenue.
Tenacious about results.*
