

# Empowering Performance

The skilled, dedicated HBCS team combines leading-edge technologies with unparalleled expertise to consistently exceed customer expectations.

HBCS exclusively serves the healthcare industry, with an emphasis on patient account resolution and follow-up services in the areas of self-pay accounts and insurance (governmental and non-governmental). Guided by the philosophy that billing is a crucial part of patient care, HBCS strives to deliver the most positive customer service experience to maintain the esteem of your patients.

## Driving Results

HBCS clients consistently experience improved cash flow, reduced operating costs, and lower bad-debt expenses. What's more, hospitals taking advantage of the complete business office partnership typically report the lowest outstanding receivable statistics in the country.

And the best news, patient satisfaction improves with HBCS.
