Under this guidance, the Association may recognize the tax benefit from an
uncertain tax position only if it is more likely than not that the tax
position will be sustained on examination by taxing authorities, based on
the technical merits of the position. Examples of tax positions include
the tax-exempt status of the Association and various positions related to
the potential sources of unrelated business income (UBI). The tax benefits
recognized in the consolidated financial statements from such a position
are measured based on the largest benefit that has a greater than 50
percent likelihood of being realized upon ultimate settlement. This
guidance on accounting for uncertainty in income taxes also addresses
de-recognition, classification, interest and penalties on income taxes and
accounting in interim periods.
As of May 31, 2022 and 2021, the Association has no liability for
unrecognized tax benefits. HFMA files Form 990 in the U.S. federal
jurisdiction.
