Live Webinars

[Oct 4: The Big Picture: Month-End Close \(September 2023\)](#)

Our monthly financial results do not occur in a vacuum. They are the product of various economic, social, political, and other macro-environmental forces that regularly combine with business strategy to yield a profit or loss. Unfortunately, the demands of daily finance and accounting work often disconnect us from the "bigger picture." This webinar will help healthcare leaders keep their finger on the pulse of change and put their monthly operating results into context. Monitor the latest news and trends in healthcare finance. Identify ways to narrate your business performance for a larger audience.

[Oct 12: Optimize Revenue Integrity & Improve Payer Alignment with AI](#)

A recent survey from the American Hospital Association found that 89% of respondents experienced an increase in payment denials between 2017 and 2020. Despite access to various tools, improved processes and new technology, healthcare organizations across the country are struggling to gain visibility into missed inpatient reimbursements and level-of-care denials. In this session, learn how objective, AI-driven insights can strategically align revenue cycle and utilization review teams to streamline hand-offs, ensure appropriate reimbursement and reduce the back-end delays associated with avoidable denials while identifying collaboration and automation opportunities that exist between providers and payers. Sponsored by: XSOLIS

[Oct 17: Optimizing ED and Trauma Center Financial Performance](#)

Hospitals face numerous operational and clinical challenges in both their emergency department and trauma centers that in turn create significant financial implications. This webinar provides insight into how hospitals are avoiding the high cost of operational inefficiencies and billing/coding errors that prevent optimal financial performance. Learn firsthand from two emergency department and trauma center industry experts who have partnered with hundreds of health systems to pinpoint those key problem areas, define the course corrections and then execute on driving change to ensure performance improvement leads to significant financial gains. Sponsored by: Peregrine Health Services, LLC

[Oct 19: Balancing Care and Costs: Solutions to Tackle Staff Burnout](#)

The healthcare industry has been significantly impacted by staff burnout and workforce shortages. Without the right people in place throughout the healthcare enterprise, operations and patient care can become compromised, ultimately leading to financial strain. As recruitment costs rise and staff retention falls, learn from healthcare experts at Jefferson Health on how HR strategy and technology can enhance the employee lifecycle to create a financially resilient healthcare enterprise. Sponsored by: Premier, Inc.

[Oct 31: Financial Impact of Remote Care Management - Case Study](#)

Healthcare leaders and organizations are uniquely positioned to embrace innovation and focus on creative ways to reduce hospital length of stay (LOS). This webinar describes how a simple concept of moving "functions" of care management remotely produced improved outcomes in areas not initially anticipated, resulting in more than just a financial return on investment. Learn firsthand from a healthcare organization and a revenue cycle provider as they take you through a case study and share how they were able not only to reduce LOS but also to increase retention, maximize bed capacity and ensure efficient patient throughput. These strategies will enable your organization to provide positive patient, staff and organizational outcomes. Sponsored by: AMN Healthcare

[Nov 1: The Big Picture: Month-End Close \(October 2023\)](#)

[November 2: 10 Ways to Accelerate Your Claims](#)

Is your organization struggling to get money in the door? If you're in healthcare, the answer is yes. It's time to accelerate your payment period. This webinar will offer revenue cycle best practices for improving your overall claims process, with strategies from the front desk to the back office. Learn how to analyze your revenue cycle holistically and concentrate your efforts on strategic areas of improvement — getting the right information at the right time, decreasing errors and denials, sending out cleaner claims, focusing on smarter follow-up, reducing the number of touches. You know your processes better than anyone. This webinar will help you make them even more effective and efficient. Sponsored by: AKASA
