[Nov 9: Overcome Workforce Challenges: Improve the Patient Experience](#)

The healthcare industry has been facing various workforce challenges that have significantly impacted the patient experience, including the handling of payments. As patients age and technology improves, it is important not to leave any patient behind but

to meet patients where they are by providing options for their preferred payment and communication methods. Learn firsthand from two healthcare organizations and a payment service provider about the importance of continuing to prioritize the patient experience while navigating through the post-pandemic era challenges. Identify ways to adopt technology that supports the financial health of your organization while enhancing the patient experience. Sponsored by: US Bank

[Nov 16: Navigating Denial Prevention: Insights for Impactful Results](#)

In the realm of denial management, 31% of healthcare finance professionals say they prioritize denial prevention, yet this isn't where they allocate the bulk of their revenue cycle resources. Due to the persistence of outdated technology and predominantly manual processes, denial claims remain a pervasive industry challenge. Left unaddressed, these denials can result in an average loss of up to 5% of net patient revenue. To proactively manage denials, healthcare organizations must establish a robust strategy that integrates the right insights, tools and resources to effectively stay ahead of this issue. [Dec 6: The Big Picture: Month-End Close \(November 2023\)](#)

Our monthly financial results do not occur in a vacuum. They are the product of various economic, social, political, and other macro-environmental forces that regularly combine with business strategy to yield a profit or loss. Unfortunately, the demands of daily finance and accounting work often disconnect us from the "bigger picture." This webinar will help healthcare leaders keep their finger on the pulse of change and put their monthly operating results into context. Monitor the latest news and trends in healthcare finance. Identify ways to narrate your business performance for a larger audience.
