

Q2 Honor Roll: HFMA certifications were earned by 5,715 members

HFMA offers 11 certifications for members to validate their expertise and demonstrate their commitment to the profession. The certifications are as follows: Certified Healthcare Financial Professional (CHFP), Certified Revenue Cycle Representative (CRCR), Certified Revenue Cycle Representative (CRCR) – GCC, Certified Specialist Accounting and Finance (CSAF), Certified Specialist Business Intelligence (CSBI), Certified Specialist Physician Practice Management (CSPPM), Certified Specialist Payment and Reimbursement (CSPR), Executive of Healthcare Revenue Cycle (EHRC), Certified Hospital Cost Report Specialist (CHCRS), Certified Specialist Ambulatory Practice Management (CSAPM), and Fellow of the Healthcare Financial Management Association (FHFMA), which supersedes CHFP.

HFMA proudly helps more than 150,000 healthcare finance professionals successfully transform their careers with various benefits including the ability to achieve certifications. We see hundreds of members earn certifications each month, and we are sharing HFMA's Honor Roll of all individuals who have been certified April 1, 2026, through July 31, 2026.

This list of people earning certifications in HFMA's Q2 Honor Roll is accurate as of Sept. 1, 2026, for individual members in good standing who earned a certification in Q2. If you were recently certified, but do not see your name on this list, your membership has lapsed. [Renew](#) your membership today.

Of the 5,715 certifications earned in Q2, 397 people attained more than one HFMA certification. (See pages 23 through 25 for a list of those who earned more than one certification).

HFMA Digital Credentials: Those members completing an HFMA certification program will earn a digital badge from HFMA (badges are managed by Credly, HFMA's badging vendor). The badge contains metadata describing the qualifications completed to earn the achievement. Validate HFMA certification credentials [here](#).

Note: Results will only be displayed if the holder has selected to make their certification information public in their [Credly profile](#).
