

Earn Your CHFP in Four Steps

Enroll → Self Study → Exam → Awarded Certification

ABOUT THE PROGRAM

HFMA's flagship certification builds knowledge across four essential pillars: business acumen, collaboration, financial strategy, and future trends. It helps professionals navigate the financial realities of healthcare.

RECOMMENDED ROLES

Financial professionals, clinical and nonclinical leaders, and health plan professionals whose roles require a strong understanding of healthcare finance.

STEP 1

Enroll

Select the CHFP package in the HFMA Learning Center catalog. The package includes both two required modules.

STEP 2

Complete HFMA Business of Health Care®

Module 1: Build foundational knowledge in healthcare finance, payment models, accounting, cost analysis, and financial strategy. Successful completion is required to access Operational Assessment.

STEP 3

Pass the HFMA Operational Excellence Assessment

Module 2: This module focuses on applying business acumen in healthcare through exercises and a case-based scenario assessment.

STEP 4

Earn the CHFP

Active membership required. Student members may complete both modules and only receive the designation upon transitioning to Professional or Business Partner membership.
